

PHONE WAIYAM HEIN

FULL STACK DEVELOPER

ABOUT

A full stack developer with over 3 years of experience in developing scalable applications using React (primarily), Vue, Svelte and Flutter, skilled in backend frameworks like Nodejs, ASP.NET, Spring and Laravel. Passionate about maintaining consistency and optimizing performance utilizing the academic background in Mathematics. Experienced in OPP, MVC, MVT (Django) and MVVM (Android) and the best practices in full stack development. I have also done extensive unit and functional testings using frameworks like mocha, web scraping using puppeteer and artificial intelligence with tensorflow.
